

SMB SERIES LINEAR LED BATTEN

ROBUST AND ENERGY EFFICIENT

The SMB Series of LED luminaires is an innovative and flexible solution for replacement of conventional single and twin lamp fluorescent battens. Designed to be a direct replacement for conventional battens the SMB Series delivers increased energy savings of more than 60%* and no compromise on overall lighting performance. Designed by Syntech to be used in conjunction with its RLT Series LED Tube range, this solution offers multiple tube configurations that will provide lower energy costs and increased system reliability.

The energy saving LED tubes offer a long lifetime and excellent lumen maintenance to minimise the hassle of re-lamping while reducing maintenance costs.

KEY TECHNICAL FEATURES

- Available in 2 Foot, 4 Foot and 5 Foot lengths
- Single and Double Tube configurations available for all lengths

*LED Tubes not included

ORDERING INFORMATION

Part Code:

Description:

SYN-SC-SMB-2FT-1ST
