

LCL SERIES

SLIM LINE LED - LOW BAY

HIGH OUTPUT, EFFICIENT & ENVIRONMENTALLY FRIENDLY

The new LCL Series LED Low Bay is a true commercial low profile luminaire which is designed to replace inefficient legacy Metal Halide fixtures.

Constructed from high grade UV Stable plastics the luminaire has an IP65 classification (waterproof rating) and is suitable for both indoor and outdoor applications.

With its unique integrated lensing the LCL delivers leading efficacy performance levels, resulting in a cost effective solution with a short low ROI factor.

Incorporating a unique "Swing Plate" mounting system the LCL Series is safe and cost effective to install.
